DESCRIPTION

Villa Oliviero has been built on the rocky ridge above the sea in a residential area in the upper part of Positano.

The villa is approximately 200 meters off of the main coastal road that passes through Positano along a pedestrian pathway. There are approximately 90 steps from the main coastal road up to the pedestrian pathway which take you to the front gate of the Villa.

From the villa, guests can reach the centre of town, on foot, in 10 minutes and the beach in 15 minutes.

The main gate brings to the upper terrace covered with a beautiful Glicine.

5 double bedrooms are furnished with air conditioning, heating, telephone, and a nice view on the gulf of Positano.

The huge diningroom with a large sofa facing an ancient fireplace will comfort you and is full of old furnitures; satellite television with dvd, vcr and stereo system are at guests disposal.

A personal computer and dsl wireless internet connection is available all over the property.

The Villa is based on four levels.

An external staircase leads through the garden down to the terrace and swimming pool. The swimming pool (10 x 10m) lies on the lowest terrace, offering plenty of shaded areas. The outdoor lamps set throughout the garden create a very intimate atmosphere at night.
